

NREGA: A STUDY ON WEST BENGAL

Debatra k. Dey

Srikrishna College, West Bengal

Importance of Public Actions

- Provision of Wage Employment reduces deprivation [Dreze & Sen, 1989; Mehrotra, 2004; Dev 1996]
- More effective than other Poverty Elimination Programmes [Basu, 1993; Parikh, 1994; Bardhan & Mukherjee, 2004]
- Mahastra Experience shows positive impacts on rural lives specially women [Dev, 2002; Patnaik, 2006]

Criticisms of earlier Wage Employment Programmes in India

- ❑ Improper maintenance of Records
- ❑ Leakage and Rent Seeking

[Kumar et al, 2004]

- ❑ Lack of suitable planning
- ❑ Inability to build productive assets

[Papola, 2004]

Performances of West Bengal in earlier Wage Employment Programmes

- ❖ Overall low utilisation of fund
- ❖ Increasing cost of per day employment
- ❖ Weakness of the implementing agencies

[Ghosh, 2005]

NREGP: West Bengal at a glance:

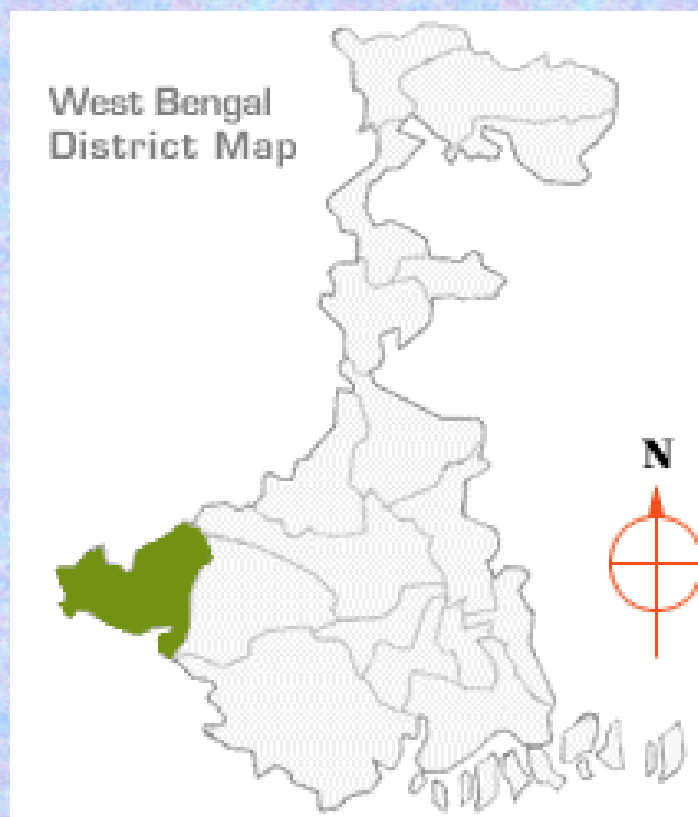

- Percentage of Households provided with 100 days of employment
 - 2006-07 : 0.58
 - 2007-08 : 0.22
- Percentage of women Participation
 - 2006-07 : 18.28
 - 2007-08 : 17.44
- Percentage of work completed
 - 2006-07 : 54.21
 - 2007-08 : 45.33
- Percentage of fund Utilised
 - 2006-07 : 62.62
 - 2007-08 : 66.19

Criticisms of the state govt. role

- ❑ Ambivalent Attitude (Dreze and Oldiges, 2006)
- ❑ Frightening absence of Competence (AM, 2008)

NREGP in Balarampur

Some Features:

- ❖ Coverage high in ST dominated GP
- ❖ Women Participation high in ST dominated block
- ❖ Household provided 18.5 days employment in backward villages
- ❖ Absence of Crèche facilities

Beyond official records

- Low participation rate in Gram Sabha
- No demand for work has been placed
- Absence of Social Audit

Recommendations:

- Information, education and Communication
- Capacity building of the PRI staff and elected members
- Recruitment of Technical Persons at GP level (Also recommended by the 2nd Administrative Reform Committee)
- Diversification in NREG works
- Supervision

Thank you

THANK YOU
